## THE WEATHER.

The daily record of the thermometer in this city for yesterday, as kept at C. W. Brandon's drug store, was: 7 a. m., 43 degrees above; 12 m., 48 degrees above; 4 p. m., 47 degrees above; 8 p. m., 44 degrees above.

## ABOUT THE CITY.

All the barber shops closed yesterday afternoon except Archie Cox's on Front street.

Colonel Miller returned to Helena yesterday after having inspected the Wolfe Tonne Guards.

A meeting of the Juvenile hose team will be held to-night at 7:30 at the fire house to consider business of importance.

Admission tickets to the Turner-Lee sparring contest, which takes place at the park to-night, are selling rapidly.

Tom Freeman was given 24 hours yesterday in which to rid the city of his presence. He was begging money too boldly in the streets, and the police caught him at it.

The leary year ball given in French hall last night was well attended, and the ladies covered themselves with glory by the excellent manner in which they looked after the wants of the gentlemen.

Rev. B. F. Norris, late rector of the Christian church, left yesterday to assume charge of a parish in Ellensburg, Wash. Mr. Norris had a host of admirers here whose best wishes follow him to his new field.

Two exciting hub and lub races were run between the juvenile and new hose companies last night. Each run was 150 yards and good time was made, the new company being victorious in both cases. Word has been received from Deer Lodge, to the effect that the boys there are practicing and making a good showing.

J. L. Hamilton on his return from Helena on Sunday evening examined his trunk, which was rifled by the burglar who went through his store Sunday afternoon. Nothing was missed, however, and it is thought that the booty of the thief consisted of nothing but the \$2 he secured in the till. No trace has yet been found of the guilty one.

During the early part of last evening the admirers of Jackson and Slavin were seen hanging around the Combination gambling house, anxiously awaiting the final news from London, the scene of the great battle. When at 4 o'clock the report that Jackson had been declared the victor was received, his friends, and here they are not a few, were jubilant. Considerable money changed hands on the result, Pat Sullivan winning quite a large pot.

The following arrivals were registered at the Montana yesterday: R. W. Foster, St. Paul; E. V. Mace, L. E. Foster, Wm. E. Stoller, Charles S. Warren, Butte; G. A. Jeffrey, St. Paul; D. T. Haskett, Chicago; W. C. Gutelius, Millinburg, Pa.; G. W. St. Clair, New York; George J. Wallace, Salt Lake; H. Sommers, Helena; Francis Thayer, New York; J. R. McLaughlin, Clinton Springs, N. Y.; T. J. McNameel, San Francisco; John Maguire, J. H. Hennessy, T. E. Butler, W. B. Webb, Butte; J. T. Quigley, Deer Lodge.

A committee composed of Messrs. Barrden and Jackson waited on the management of the park yesterday in behalf of the Scandinavian Brotherhood of Butte for the purpose of securing the park in which to hold their annual picnic. The gentlemen inspected the grounds and expressed themselves as being highly pleased with the place. They returned to Butte and will report favorably at a meeting of the order which will be held on Thursday night next. The date of the picnic has not as yet been set, but if their report is accepted it will doubtless occur on June 19 or 20.

## Artists With the Gun.

The shooting contests which occur weekly at the park range are fast becoming popular, and large crowds turn out to witness them. Besides the medal contest which took place last Sunday, there was a practice bird shoot and two 10-bird sweepstakes contests. The members of the club are improving wonderfully. Following is the score of Sunday's contests: Practice, 5 birds—Rockefeller, 3; Thomas, 3; Quane, 5; Bartlett, 1; Tuttle, 4; Moore, 1 and Ludman, 4.

First sweepstake—10 birds—Tuttle, 2; Rockefeller, 8; Quane, 9; Thomas, 5; Bartlett, 1; Stevens, 4; Ludman, 6, and Moore, 3.

Second sweepstake—10 birds—Tuttle, 2; Rockefeller, 8; Quane, 7; Thomas, 3; Bartlett, 5, and Stevens, 5.

The friendly rivalry which exists between the different members has a tendency to make the contests decidedly interesting.

## IN HONOR OF THE BRAVE

Members of George G. Meade Post Pay Their Tribute of Flowers.

## INTERRUPTED BY SHOWERS

No Elaborate Orations, But the Fallen Veterans Buried in Anaconda Properly Remembered.

For a time yesterday the dark clouds which hovered over the city looked as though they would burst at any moment and make parading disagreeable if not impossible, and as midday approached the sky began to clear off, and the sun shone brightly at intervals. It remained fine long enough to allow the Memorial day parade to be formed and started. Before the parade was over, however, the clouds again appeared, followed by light showers of rain, intermingled with snow and hail, which continued during the rest of the exercises which were shortened very much on that account.

The parade was formed at the corner of Main and Park streets, headed by the drum corps. They were followed by the Wolfe Tonne Guards, 25 in number; Sons of Veterans, 12; G. A. R., 25; K. of P., 22; the different fire companies to the number of 50. The circulating department of the STANDARD was represented in the line by the circulator and carriers. The rear taken up by a large line of carriages. The line of march was the same as that published in yesterday's STANDARD.

At the cemetery the display of flowers which were strewn upon the graves was attractive, among the collection being some emblems, exquisitely wrought with the choicest variety of flowers. The soldiers' grave were decorated as were the graves of departed firemen.

The programme at the cemetery consisted of patriotic songs rendered in excellent style by the members of the G. A. R. It was intended to have singing by the school children together with short addresses by local orators, but the storm, which grew heavier as the cemetery was reached, prevented the carrying out of the remaining portion of the exercises.

On leaving the burial ground the different owners fell into line and marched to the corner whence they started, where the line was broken and all dismissed. It will be remembered that the same kind of weather prevailed on Memorial day 12 months ago. A large representation of the Typographical union was present from turning out owing to the non-arrival of the handsome banner which was ordered from Cincinnati for the occasion.

## THE ANACONDA DELEGATION.

Residents of This City Who Attended the Broadwater Funeral.

The members of the delegation from this city to the Broadwater funeral, on Sunday, unite in saying that the occasion was remarkably impressive. The special train from this city made an uncommonly good run. The train consisted of two Montana Union coaches and Mr. Daly's private car.

The coaches were beautifully draped, and the tasteful manner in which they displayed the emblems of mourning elicited much admiration from thousands of people who noticed the coaches and the engine as the train moved in Helena. The decorations were the work of Mr. George Lindoff, of the Montana Union shops in this city. Making the run from this city to Garrison in 55 minutes, the special train arrived in Helena before 11 o'clock and was run over the branch to the Broadwater without delay. It was used to convey the members of the delegation to the cemetery. During their stay in Helena, as on the journey, the Anaconda people were the guests of Mr. Daly, at lunch and at dinner served at the Broadwater.

Those who made the trip are under obligations to Superintendent W. F. Brinson of the Rocky Mountain division of the Northern Pacific, who courteously extended the use of the division in a complimentary way to the special train. The floral tribute sent to the funeral by the citizens of Anaconda was much admired in Helena. The members of the delegation from this city were:

## FOURTH OF JULY.

The Firemen of Anaconda Propose to Celebrate in Style.

The firemen will celebrate on the Fourth of July, and it is proposed that Anaconda will be strictly in it. The department visited the park in a body after the parade yesterday and secured the grounds for that day. At an impromptu meeting held in the park club rooms a committee of nine was appointed to make all the necessary arrangements. It is intended to make the celebration the best that has ever been given in this city, and to that end no expense or work will be spared. The programme will consist of all kinds of athletic sports, including foot racing, hammer throwing, shot putting and jumping.

It is needless to say that the affair will be a financial success, as all recognize the value of a fire company and the importance of supporting it. The Anaconda department is conceded to be one of the best volunteer fire companies in the west, and the citizens are expected to take this means of showing their appreciation.

## PLEASED WITH THE COMPANY.

Colonel Miller of Helena Inspects the Wolfe Tonne Guards.

The inspection of the Wolfe Tonne guards which took place yesterday at the armory was an agreeable surprise to Colonel Miller, the ordnance officer of Helena. The colonel, whose duty it is to inspect all the companies in the state, reports Anaconda as possessing, in the Wolfe Tonne guards, one of the most creditable companies in Montana. He complimented Lieut. W. M. Kelly on the individual deportment of the members, and he said on the whole the company presented a handsome appearance. The drilling of the men struck him almost as nearly perfect as it could well be, the men handling their guns like veterans. He found that the militia department had sadly neglected the Anaconda company in a number of ways. He promised to report at headquarters the importance of this company having rifle practice, and in order to have that he will order for the purpose several thousand rounds of ammunition. He will see that the local company shall be thoroughly equipped with all that goes to make up first class troops. Among other requirements the soldiers are badly in need of fatigue costumes for ordinary use, and these will also be forwarded.

At the close of the inspection the members gave the colonel three rousing cheers. Unlike many militia officials Colonel Miller has no peacock airs, and created a very favorable impression on the guards. He returned to Helena yesterday, much to the regret of the Sons of Veterans, who tried to induce him, as a member of the order, to remain over and put out with their order in the Memorial parade.

## SICK

Head-Aches.

Sick-headaches are the outward indications of derangements of the stomach and bowels. As Joy's Vegetable Sarsaparilla is the only bowel regulating preparation of Sarsaparilla, it is seen why it is the only appropriate Sarsaparilla in sick-headaches. It is not only appropriate; it is an absolute cure. After a course of it an occasional dose at intervals will forever prevent return.

JOY'S VEGETABLE Sarsaparilla. No. 608, of 735 Turk Street, San Francisco, writes: "I have been troubled with attacks of sick-headache for the last three years from one to three times a week. Some time ago I bought two bottles of Joy's Vegetable Sarsaparilla and have only had one attack since and that was on the second day after I began using it."

## THE BUGGY UPSET.

An Accident Which Fortunately Did Nobody Any Harm.

Yesterday's parade was accompanied by a slight accident, which befell Mrs. T. C. Davidson. Her carriage was upset while she was driving up the hill leading
